HEALTH & SAFETY GUIDELINES

The Health and Safety Act 1974 places a responsibility on the Society for the health and safety of Society and Committee members, visitors, traders, contractors, volunteers and members of the public who are attending the Annual Show.

All exhibitors and members of the public attending the Show should be aware that live exhibits can be easily frightened and can be dangerous. They should pay particular attention where animals are tethered or moving and avoid behaviour which might alarm them. Whilst the Society accepts that the behaviour of live exhibits is unpredictable, it would not expect exhibitors to show any animal that is not properly trained for showing.

Special care is required from the driver of vehicles when entering and leaving the Showfields and parking areas and they must follow the routes defined by the stewards and signs. Pedestrians walking to, around and from the Showfields should be extra vigilant at all times.

First Aid and Veterinary cover are in attendance on the Showfields and/or may be contacted via the secretary who is located in the small tent adjoining the main ring. Medics UK will be based alongside the Horse & Pony ring, but if medical attention is required at some other point on the field please report to the Secretary's tent.

In the event of an emergency everyone is asked to follow the directions issued by the officials of the Society, which may be broadcast over the public address system.

Children must be supervised at all times. The Secretary's tent acts as a lost children's base and a public address broadcast will be made to inform that your child has been brought to that location. Children are not permitted in the rings unless as exhibitors, or requested by the entertainers or officials of the Society.

Fire extinguishers are available at the Secretary's tent

Trade stand exhibitors will be responsible for the safety of the general public visiting their stand, ensuring that all exhibits are safe. Traders are required to have in place appropriate Public Liability Insurance to a minimum of £5,000,000 and where required to do so must produce supporting documentary evidence to this effect before being allowed on the Showfields.

Portable toilets and handwashing facilities are sited around the Showfields. A disabled toilet is situated near the pedestrian entrance just down the hill from the large marquee. (see map)
